EDUCATION

New York University

M.F.A. in Production Design,
Design for Stage & Film

Northeastern University

B.S. in Architecture

PROFILE

I'm a versatile creative professional driven by a passion for transforming bold ideas into impactful experiences. With a background spanning media and design, I thrive on taking projects from imaginative concepts & ideation to fabrication and on the ground execution.

My expertise includes AutoCAD drafting, 3D rendering, and creating visually engaging print and digital graphics. I excel at collaborating with vendors and managing resources, ensuring each project is delivered with creativity, precision, and a memorable touch.

CANDIDATE OF USA LOCAL 829 FOR SET DESIGN.
